Ein Wort zuvor...

Liebe Aussteller, liebe Ridgebackfreunde, liebe Besucher!

Wir begrüßen Sie recht herzlich zu unserem diesjährigen Ausstellungswochenende anlässlich unserer Clubschau.

Es ist uns eine große Freude, dass wir in diesem Jahr unser Clubwochenende nach der coronabedingten Pause endlich wieder durchführen können. Ganz besonders freuen wir uns darüber, dass wir für diesen „Neustart“ auf das schöne Gelände des Maritim Hotel am Kurpark Bad Wildungen zurückkehren konnten.

Als Zuchtrichter begrüßen wir in diesem Jahr zwei bekannte Ridgebackzüchterinnen - Milada Krchňavá aus der Slowakei (Kennel Luanda) und Iveta Klábová aus Tschechien (Kennel Slunce Života).

Unser größter Dank geht an alle fleißigen Helfer im und um den Ring, vor und hinter den Kulissen. Ohne Euch wäre eine solche Veranstaltung nicht möglich.

Herzlichen Dank auch an unsere großzügigen Sponsoren, die für unsere Ausstellung und die Tombola am Samstagabend wieder eine Vielzahl von attraktiven Preisen gestiftet haben.

Allen Ausstellern – ganz besonders auch den „Neulingen“ unter Ihnen – wünschen wir einen fairen, harmonischen und schönen Tag unter Ridgebackfreunden und viel Spaß und Erfolg bei der Präsentation Ihrer Hunde. Und auch wenn nicht jeder Hund den ersten Platz belegen kann – das Allerwichtigste ist doch immer, dass Ihr Hund für SIE der Schönste ist.

Eine Anmerkung zum Schluss: Damit wir auch in den nächsten Jahren wieder willkommen sind, bitten wir Sie die Hinterlassenschaften der Hunde einzusammeln und in die dafür vorgesehenen Behälter zu entsorgen. Es versteht sich sicher auch von selbst, dass die Hunde rund um das Gelände an der Leine geführt werden.

Vorstellung der Richter – Iveta Klápková

Dear breeders, owners and lovers of the Rhodesian Ridgeback.

It is a great honour for me to accept your invitation to judge the Club and Speciality show for your E.L.S.A. club.

I entered the Rhodesian Ridgeback world of addiction in 1999. At that time I had decided in favour of a bitch, and after a magical story from breeder Iveta Městková (Bohemia Checko kennel) about how they travel with their dogs to exhibitions around Europe, I began looking forward to me and my daughter filling our free weekends traveling.

Perhaps like all of us, I too was convinced that my Kirby was simply the most beautiful. Yet the show judges were often of a different opinion. Yet as we attended more and more shows, both Kirby and I also began improving and finishing ever higher in the rankings.

Success at shows and titles is wonderful and testifies to the outstanding qualities of the given individual. Yet is it enough for breeding?

Do you believe in chance, in fate, in love at first sight? I do.

The international Central and Eastern Europe Cup show in Poznań in November 2001 – in the champion class there was a beautiful dog with an older lady who was unfortunately no longer very mobile. The care and love this adult dog displayed towards his mistress absolutely amazed me. Yes, he did not win the show yet he won my heart and respect. This was the groom for my Kirby, a personality I wanted to have in her offspring. It was only later that I discovered more of his attributes that had not been important to me at our first meeting. Ch. Lionhunt Dayimane Umvuma – Mrs Anne Müller – the lady who brought the first Ridgebacks to Germany. A dog imported from the KUSA, which had his first offspring in Czechia with my Kirby. One year later, his son A'Dayiman from this litter was Junior Winner at Mid+East Europe Cup Brno 2003 and his sister Aaliyah Vice Junior Winner.

This was followed by World Champion, excellent coursing runner, Working Champion, European Winner and many other, from my point of view interesting dogs. Half of these dogs are not show champions yet are typical representatives of the breed in all significant parameters and have enormous potential. Their offspring can be successfully used in breeding.

The dogs from my breeding activities will never all be champions. That is simply not possible and is not my priority. Yet they should always be healthy, have balanced characters, be confident, easy to control, smart like a fox, fixated on humans and be social individuals. They should be the Sun of Life – "Slunce života" – for their owners, which is what I have always wanted.

As the number of shows I attended increased, I began observing the work of the judges with interest. Work in the circle, in the function of auxiliary staff and head of circle, has helped me change my view of the show dogs. I have studied, and sought to understand and be impartial. That was when I learned to have great respect for judges, for breeders with years of experience, and for modest people who are able to give advice with love and respect for Ridgebacks.

Yes, I realised that this is work that I would both immensely enjoy and that would fulfil me. Work with a huge amount of responsibility, humility, empathy and respect for the exhibitors and their dogs. I had before me a beautiful challenge and lots of work, learning, consultation, attendance in the circle under the guidance of experienced judges and, especially, examinations.

In the middle of 2017 I successfully passed the final, practical examination to get my national judge certificate for the Rhodesian Ridgeback breed.

Since that time I have had the honour to accept invitations to judge at club shows of the Czech Rhodesian Ridgeback Club next to breeding legends Mrs Alicia Mohr Hanna and Henk Salm, club shows of the Slovak Ridgeback Breeder Club, club shows of the German E.L.S.A. club, and Special shows of the Czech Rhodesian Ridgeback Club in 2021 together with Monika Pehr, for Belgium BRRC club show 2022 and Hungary Club show Papa 2023.

Shows are a showcase for beauty, overall body structure balance, and the physical and mental condition of the dog. We should assess the dogs comprehensively—as harmonious wholes, with exterior diversity in type and colour. And a character without signs of aggressivity or timidity.

The absolutely perfect individual that would meet all the criteria of the standard simply does not exist, and so it is up to the judge as to which defects to forgive and which they will not. It is however extremely important to retain the essence of the breed—the character, body structure and excellence of gait without the loss of energy.

And what is important for a Ridgeback apart from movement - what is the alpha and omega? We have started to see problems with small teeth and narrow jaws, very important elements for hunting dogs. Deeply set, small and bright eyes change the overall expression of the head and in breeding and lines this deficiency is difficult to correct.

And to finish, I have to highlight the most important thing: the character of the dogs. The idea of a nervous, aggressive dog in the circle that can cause mutual or unilateral

attacks, and can cause great damage to the psyche and concentration of all the others, is unacceptable. For the attacked dog, it can mean lifelong trauma and the inability to take part in any more shows. I would therefore ask you to always be considerate of others and to always keep your dog under control.

I recommend that exhibitors, and especially newcomers – smile - as smiling releases tension. Enjoy the moment in the ring - I am here for you. Your fear and stage fright will be transferred to the other end of the lead and to your best friend. Concentration is important yet can also be detrimental—only a relaxed dog can give of their best and be a pleasure to work with.

I now know about the “beauty flaws” my first Kirby. But she was the most beautiful creature in the world for me. And I know that it is the same for each of you. Your dog is the most beautiful one. And despite “little beauty flaws” it should remain so for you.

I look forward to meeting you and sincerely thank you for your invitation to judge the Club and Speciality dog show. I wish you all a lot of beautiful moments and a lot of success not only in the show field.

Yours sincerely, Iveta Kláková

SLOVAKIA

I have been involved in Rhodesian Ridgebacks since 2002.

I am an active member of Slovakian Ridgebacks Breeders Club (SKCHR). In 2003, I began with my active work, writing several articles about exterior, health, work with ridgebacks. Until today I wrote more than 40 articles concerning to health and rearing of dogs, exhibitions and activities with dogs, published in our club and canine media in the Slovak Republic. There is also my "sign" in some European publications - "The European Ridgeback" or American - "The Ridgeback Register" magazine.

Since 2006, I was the "Main breeding advisor" of SKCHR (SKCHR – Slovakian RR breeders club) until end of 2009, when the head of club deleted this function. The club established breeding board, where I have been active member, and I have been also involved in breeding approval exam committee for the SKCHR. Since then I also act as a breeding controller to make litter statistics and quality notes of our breed in Slovakia.

In 2009 I established a local obedience and agility club and trained the dogs for 3 years. 2015 year brought some changes in our club when members gave me their trust and voted for me to be back in function as "Main breeding advisor" and the head of Breeding board committee in RR breeders club of Slovakia.

I think the breeders without education and no interest in current problems of breeding, hardly can meet the demands of keeping quality, balanced exterior and health of dogs. That is why I am very keen to create the conditions for the education of all those interested. Since 2007 I have been lecturing and organizing several seminars for breeders, with themes as: "RR Anatomy and Function", "Matting, Gravity, Delivery", "Disorders and fertility in dogs" "Planning of breeding, stud dog, determination of optimal day for mating, mating, pregnancy, preparation for puppy delivery, birth of the puppies, mother and puppy care, litter control" "Standard vs. Anatomy and Movement of RR, Breeding Goal, Reading Pedigrees" and "Stud Dog".

November 2019 SKCHR awarded me for my work for the club, the breed presentation and breeding.

Past three years I and my colleague RNDr. I. Režuchová PhD intensively worked on the project for our Slovakian club of RR breeders (SKCHR), which we named ELBREED (ELECTRONIC BREEDING system). The ELBREED is a tool of huge number of useful features for dog breeders, owners and the breeder's clubs which legally collect information about the breeding, health tests. The big benefit of having this online system is simplify the communication between users and club. ELBREED will offer dog pedigrees, trial pedigrees, the breed statistics, including analysis tools for planned breeding when finished.

Breeding

My first Rhodesian Ridgeback was female born 01.01.2002, imported from Czech Republic. With her I became addicted to the breed. In my opinion if you want to be a breeder of quality dogs, you must do your best: start from yourself with education, collecting knowledge from long-time experienced breeders and start with the best quality RR female possible. To keep this in my mind we imported another RR female with African and Australian bloodlines, what were very interesting in 2003, unfortunately she passed away too early to start breeding on her. In 2005 we imported from Germany the RR female with pedigree of Australians, USA, and EU bloodlines. Her qualities were seen by many specialist judges and judges who rewarded her with best awards (C.I.B., BISS, EW, Multi Grand Ch and Multi Ch). She was the foundation bitch of

The breed quality
is in hands of breeders.

My perfect picture
of Rhodesian Ridgeback
has got to be a powerful,
smooth-musled athletic
and elegant dog, whose
strength does not compromise
his silhouette.

The elegance goes
hand in hand
with the graceful neck curve
which derives out
from a properly constructed
front of the dog.

Luanda kennel, and her qualities are still visible in her progeny. We breed for quality not for quantity. Since 2002 till 2022 we breed only 11 litters (90 puppies). 30 of them entered the show rings. As a result of not compromising on our kennel goals, we are proud of breeding and/or owning 21 Champions, including multiple Grand Champions and multiple international champions. We breed also European Junior Winner´21, World Winner´17, European Junior Winner´16, European Winner ´08, European res. BISS puppy ´08, and Best in Specialty winners. However, all our success aside, reflecting on our years, we are forever indebted to the breeders worldwide who saw the merit in our dogs and included them in their breeding programs, resulting in Luanda dogs appearing in champion Rhodesian Ridgeback pedigrees throughout the world. Today our present pack consists of 3 Rhodesian Ridgebacks females.

Judging experience

My first experience with judging Rhodesian Ridgebacks was in 2008. The RR Sport Club CZ, invited me to judge theirs Specialty Show, with the point system /without FCI titles/. 2015 year I was invited by RR Union Moscow to judge theirs IV. RR Specialty /with no FCI titles/.

In April 2018, I passed the FCI referee exams and became the FCI National Judge for the Rhodesian Ridgeback. Since then, I have accepted the invitations and had the honour to judge at: Specialty Club Show RR Club ELSA in Germany - 09/2018, International Dog Show in Bratislava -10/2018, Spring Club Show RR in Denmark - 03/2019, Slovakian Specialty RR Show – 05/2019, International dog show Nitra -12/2019. In 2020 I received very nice invitations to judge RR club specialities, but the pandemic situation "covid ´19" stopped all plans to travel abroad. In 2021 I had the big pleasure to judge the World Specialty Club show of CZ Rhodesian Ridgebacks clubs: CKRR & KCHRR, which was organized next to the World dog show 2021 at Brno. 2022 I was honoured to judge the special event Austrian RR Club show "Ulrike Lichtenauer Memorial". Despite the pandemic situation, I managed to expand the assessment for the Dalmatians & Beagles.

In my opinion in breeding and judging, the breed standard is alpha and omega. The close connection between the dog's anatomy and its functionality is "encoded" in its movement and in the following words of the RR standard (FCI No.146): overall appearance - " The Rhodesian Ridgeback should represent a well-balanced, strong, muscular, agile and active dog, symmetrical in outline, and capable of great endurance with a fair amount of speed. The emphasis is on agility, elegance and soundness with no tendency towards massiveness. The movement should be spacious, free and energetic."

Thus, the body structure corresponding to the description in the standard, the temperament of the dog as well as the overall impression are of great importance to me in the assessment of RR.

I take this opportunity to thank the Rhodesian Ridgeback Club E.L.S.A. committee and exhibition committee for the honour of being invited to judge your Club Show at Bad Wildungen on 16 September 2023. I look forward to adjudicating over your beautiful hounds.
